This spring we are offering varieties that we have grown in our own gardens this past season. They have proven their merit under the most trying weather conditions and we do not hesitate to recommend them for your consideration.

WE INTRODUCE FOR 1953

Jermars Yellow

A Giant Mimosa Yellow Cactus. Size 11 x 7. A good strong grower that will produce "AA" size blooms without forcing. As blooms mature the petals recurve to further enhance their beauty. Will win many awards for exhibitors this season.

Roots \$10.00

Rooted Cuttings \$3.50

Peach Glo

"AA" preceding names of varieties denotes those that will produce blooms over 10".

"A" from 8" to 10". "B" under 8".

Min—Miniatures. Pom—Pompoms.

(*for.*)—Foreign varieties.
